

Parents/Guardians:

As of 8:00 PM Saturday, we have not been specifically mandated to close the center. We are awaiting a response from the NJ Department of Children and Families (DCF). Gov. Murphy has stated in the past that childcare centers are essential and did not state anything in today's press conference to the contrary. Once we receive information from DCF, we will notify you immediately if there are any actions we must take.

Thank you for your patience and understanding.

Wee Kids
